

Make a Bird Feeder

What You Need:

- Pine cone
- Peanut butter, lard or honey
- String
- Bird seeds/oats/grains

Let's Get Started!

Step 1:

Tie string around the top of the toilet pine cone.

Step 2:

Spread the Lard, honey or peanut butter around the cone, especially in the gaps)

Step 3:

Roll the cone around the seeds, or use fingers to press in to the lard, honey or peanut butter so the seeds stick.

Step 4:

Hang out he pine cone for the birds to enjoy.

Important: Check the ingredients of your peanut butter to ensure it does not contain Xylitol, which is toxic to birds. Also be aware of any allergies.
